Locating Articles With Catalog Plus

Using the library’s Catalog Plus search tool, research your topic using multiple limiters and keywords. Gather two articles that could be used for your assignment.

Which keywords did you use? (List 4):

Which limiters did you use? (List 3):

**Article #1**

Article Title: ________________________________________________________________

Published Date: ______________________________________________________________

Volume/Issue: ______________________________________________________________

Journal Title: ________________________________________________________________

Author: __________________________________________________________________

Pages: _______________________________

**Article #2**

Article Title: ________________________________________________________________

Published Date: ______________________________________________________________

Volume/Issue: ______________________________________________________________

Journal Title: ________________________________________________________________

Author: __________________________________________________________________

Pages: __________________________________
